Application of MegsINET-CLEC, Inc. for a	)	TARIFFS
Certificate of Public Convenience and	)	
Necessity to Provide Local Exchange	)	
Telecommunications Services and for Flexible	)	
Regulation.	)	

This matter comes before the Public Service Commission of South Carolina ("the Commission") by way of a letter from MegsINET-CLEC, Inc. ("MegsINET") indicating that it wishes to cancel both Certificates of Public Convenience and Necessity granted to it by this Commission in Docket No. 99-442-C to provide intrastate resold telecommunications services and for alternative regulation of its business service offerings in the State of South Carolina, and in Docket No. 1999-133-C to provide local exchange telecommunications services and for flexible regulation in the State of South Carolina. By letter, MegsINET-CLEC, Inc. stated that MegsINET has never had any customers in South Carolina, and has never provided any telecommunications services in South Carolina. MegsINET's letter is hereby treated as a request to cancel its Certificate of Public Convenience and Necessity to provide intrastate resold

interexchange telecommunications services with alternative regulation, and also to cancel its Certificate of Public Convenience and Necessity to provide local exchange telecommunications services with flexible regulation issued to MegsINET, and to withdraw both of MegsINET's tariffs.

By letter received at the Commission on July 31, 2000, MegsINET advised the Commission that MegsINET had never had any customers in South Carolina and that it had never provided telecommunications services in South Carolina. A review of the docket files reveals that MegsINET's authority to provide intrastate resold telecommunications services and for alternative regulation of its business services was granted by Order No. 1999-108, dated February 10, 1999. Further review of the docket files reveals that MegsINET's authority to provide local exchange telecommunications services and for flexible regulation was granted by Order No. 1999-439, dated June 22, 1999.

As MegsINET, by its own acknowledgment, has never provided the services for which its Certificates were granted, the Commission finds and concludes that MegsINET's Certificates should be cancelled and that MegsINET's tariffs should be withdrawn.

IT IS THEREFORE ORDERED THAT:

1. The Certificate of Public Convenience and Necessity to provide intrastate resold interexchange telecommunications services and for alternative regulation of its business service offerings authorized by Order No. 1999-108, dated February 10, 1999, issued in the instant Docket, is hereby cancelled, and the tariff filed by MegsINET pursuant to that Order is withdrawn.

2. The Certificate of Public Convenience and Necessity to provide local exchange telecommunications services and for flexible regulation authorized by Order No. 1999-439, dated June 22, 1999, issued in the instant Docket, is hereby cancelled, and the tariff filed by MegsINET pursuant to that Order is withdrawn.

2. This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

  
Chairman

ATTEST:

  
Executive Director

(SEAL)
